Dayna Aiello – New York

“I see Jesus in My Husband and in His Life!”

I have seen these changes in Patrick since *Every Man A Warrior*. I pray for Patrick often and, since this group, God has answered my prayers, too!

I prayed for Patrick that he could find a group of men to connect with, encourage and hold each other accountable. I prayed that Patrick's walk with the Lord would grow deeper and stronger. I prayed that Patrick would LOVE the Lord more than ever before. Then Patrick asked if he could join a men's study on Wednesday nights. He took it very seriously, always prepared and never wanting to miss it. This has been going on for a year to present.

I prayed that Patrick would love God like never before, and since *Every Man A Warrior* he wakes up early in the morning before work to have quiet time. Patrick has his Bible, journal and cup of coffee in hand. He looks forward to his time with God. He says he better understands how to have quiet time now. He has found accountability and encouragement through this men's group.

I have noticed Patrick spending more quality time with our kids. He has initiated taking our daughter, Macy, out on dates; she is 3 years old. Patrick wants to develop their relationship so Macy will be comfortable talking and sharing with her daddy.

It was hard for me to narrow down all the changes I've seen in Patrick since *Every Man A Warrior*. I prayed over what to write but his changes are not limited to this email.

I see Jesus in Patrick, in his daily life, in our marriage, and with his kids. I continue to pray for God to do awesome and wonderful things with Patrick's life!! I am so blessed to have him as my husband, the father of our kids and the leader of our house!

Thank you for pouring into Patrick's life with God's love!

His blessings,
Dayna
