

# EMAW Testimonials

My name is Ryuichi Tsubuku, “the Edokko “. This means third generation of Tokyo born. I live in Tokyo with my wife, parents and two puppies.

**It is my honor to be a Champion of EMAW in Japan.**

If I look back my past 59 years ....

- 1<sup>st</sup> stage up to 33years:  
Working towards the goal called “happiness” , the key to get “happiness” was to earn money with my favorite work.....found it does not last long...
- 2<sup>nd</sup> stage- from the day of Baptism until now:  
Struggling to move forward to the goal called “hope”, the key to get “hope” is to believe in God (just receive unconditional love)...and found (experienced) it is true...but still in the sin.
- 3<sup>rd</sup> stage until death:  
Pray what should I do as a disciple of Jesus. Lord lead me to be a member of TWR Japan 3 years ago, and EMAW last year.  
I said “Yes” for proposal of the God’s kingdom work, and I feel so blessed in my heart!  
EMAW Japan project just started last year and we are now translating Book 2.  
My small group uses Book 1. There are 3 people including me.

“I was trapped!” That’s what I thought after having EMAW sessions several times with two brothers at my church. The GOD trapped me in His hands.

I believed Jesus when I was 28 years old. I led my wife, a girl friend at that time, who has grown up within a Christian family. Even after decades of being a Christian, I was not enough accustomed to read the Bible, meditate and pray. I served for my GOD and my church as a Sunday school teacher as well as an officer of the church. However, as I started to study EMAW, I realized that I did not have such base as a Christian and He was going to train me. When I realized that, I thought I was trapped and there was no escape. It was a happy feeling that He really wants me to become a Christian.

I have not shared yet with my wife what we are doing at EMAW sessions, but she surely understands that it is an important time for me and other two warriors. She always supports me when I do something for our GOD and our church.

### **Kanichi Suzuki**

Feeling God closer than ever and am able to spend time and take action with God.

My wife reaction is:

In the beginning, she looked at me with suspicious eyes, because I was happy to go out even if it was not for a party. She now looks happy after knowing what we are doing at Church with EMAW.

Now, she joyfully sends me for EMAW session with a big smile!

Most of Japanese men are sacrificing their time for company or society more than family. It is related with Samurai Spirit self-sacrifice to their boss or emperor. I believe that we Japanese men have potential to be a Samurai for Jesus, the real king of human. I would like to have every step move forward with Jesus and build the kingdom of GOD!
