The Great Commission Matthew 28:18-20

Every Man a Warrior model of Spiritual Multiplication

When the EMAW curriculum is used correctly, it is **NORMAL for HALF (50%)** the men to go on and lead a group of their own.

Year 1: You have a group of 6 men (you and 3 others then go on to lead groups)

Year 2: 4 groups of 6, = 24 men are reached and half start groups of their own

Year 3: 12 men X 6 men per group = 72, half of these (36) go on to multiply

Year 4: 36 men lead groups of 6 = 216 men

Year 5: 108 men X 6 = 648 men

This illustration does not include the men who did finish EMAW but never went on to lead groups, an **additional 487 men**. This also does not include that whenever we get a man to have a changed life for Jesus Christ, **we normally get a wife and 2-3 children** that are also changed.
