God wants me to start something here at the office!

"How can I become a better man/person/father/husband/son/brother/uncle etc." Two years ago my life was spinning out of control. I wasn't living the way I was supposed to be living meaning - my words, actions, thoughts and attitude were not how God designed me to be. I was not loving or caring for my wife and children the way I was supposed to be, I was not performing my work as I was capable of doing and I was not a true friend to anyone (counting you)...I say all of this because I decided I needed a change.

That change came 2 years ago when I went through a discipleship course called Every Man a Warrior. This course changed my life (quite honestly has saved my life) and has made me so much better than who I was 2 years ago. Today I can say I am a better: man (husband, father, son, brother, friend, employee) because I have been trained in how to be the man God created me to be. This past year, I spent the year making disciples (leading a group of men through the program at church) as we're commanded to do - *Matthew 28:18-20* - Then Jesus came to them and said, "All authority in Heaven and on earth has been given to me, therefore **GO** and make disciples of all nations, baptizing them in the name of the Father and of the Son and of the Holy Spirit and teaching them to obey everything I have commanded you. And surely I am with you always, till the very end of the age." This was a very rewarding experience to be able to instill these core teachings/values in other men while seeing them grow and then see them GO and make disciples.

I'd like to explore leading a group here at the office through Every Man a Warrior and thought I'd begin with you guys because I know each of you could benefit from these lessons and I can see each of you prospering and carrying on the commandment above once you've been through the course as well. This is a very dedicated study and will require you to complete the lesson each week, meditate on God's word and learn the daily habit of having quiet times with the Lord. Here is the website for you to look through when you have a minute:

I do not have the logistics worked out as of yet in regards to what time/day we'd meet. This will be worked out once we meet together and discuss the approach. Some ideas would be to meet early one morning 6:15 – 8:00 or we could do an evening after work. Again, I know everyone has different things going on so we would each need to agree on the meeting time/day as a group.

My intent here is clear - The Lord wants me to start something here at the office for men to be able to hear the truth and be different than what the world deceives us in today (especially in the corporate world). Please take some time to seriously consider this offer (no need to respond today - maybe give it the weekend to ponder) - pray about it, talk amongst each other and let me know your thoughts. I have been praying for you guys for a while now and hope that you'll consider the verse at the bottom - it's a great challenge!

One last thing- shoot me some names of men that you think would benefit from this also. I'd like for us to be the "test group" here at the office before expanding further in the future. This course will take us most of the year to complete.

Thanks for your friendship - it means the world to me! Luke 9:23
