Expert Builder Engineering

Engineering Principle 1: *If you want to fulfill the Great Commission and reach the world for Christ:*

- You must reach the **Men!**
- To reach the men you must be **Practical and Relevant!**
- To be practical and relevant you must help men succeed in the areas of **money, marriage, raising children, sex, work, going through hard times and wanting to make their life count.**

Engineering Principle 2: *There is a God Given Biblical Template for Effective Men's Ministry*

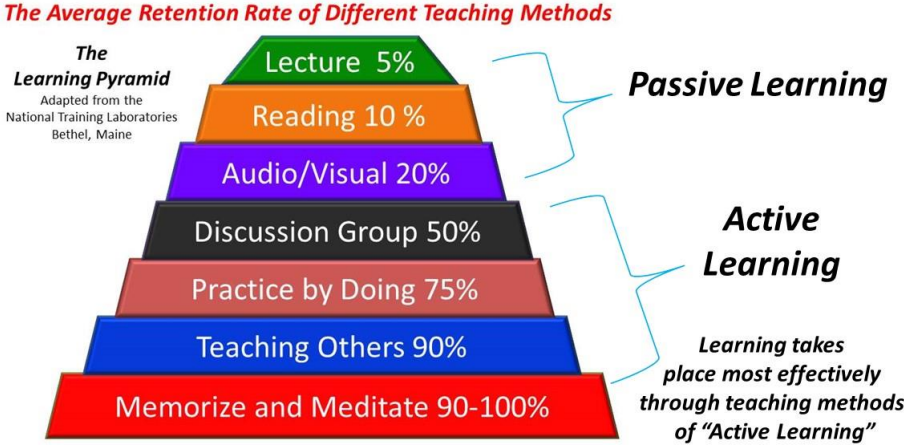

Expert Builder Engineering

Engineering Principle 3: *Different teaching methods impact retention*

- The Learning Pyramid points out that some teaching methods are more effective than others, and that varying these methods will lead to deeper learning and longer-term retention.

Engineering Principle 5: A step-by-step process to build SKILLS into the life of a man!

THE EVERY MAN A WARRIOR PROCESS

Discussion Questions

Why is it important for us to have a “Biblical Template” for what we do in men’s ministry? What is “smorgasbord” ministry? How effective do you feel “smorgasbord” ministry is in reaching men?

Is it Biblical to focus on money, marriage, raising children, sex, work, going through hard times and making your life count in your men’s ministry? Shouldn’t we focus more on different theological issues? Why or why not?

What is the difference between “passive learning” and “active learning?” Which teaching methods help men to draw closer to God and equip them to make disciples?

Why do some ministries use only the “passive learning” methods of teaching? What impact does this have on the people in that ministry?

Do you believe the statement that, “*Spiritual truth is not fully rooted in a man until he teaches it to another?*” Why or why not?

Discussion Questions

The word “Discipleship” is used to mean many different things. Lonnie broke the topic into:

- D1 - Lecture Format
- D2 - Small Group Format
- D3 - Training for Leadership

Jesus used all three levels of Discipleship: D1, D2, and D3. On which level do you believe Jesus spent the most time? Why? How can you implement this in your personal ministry?

Write a 1-2 paragraph on what you have learned about the “Engineering Necessary to be an Expert Builder. Be prepared to share with your group.
